ZIP CODE EXCLUSIVITY

HHC reviews every potential wholesale account to assure those territories are never over saturated but also to assure our products are easily accessible to the consumer. Heywood Home Company therefore intentionally limits its availability and will provide zip code exclusivity to certain stores selling HHC product, subject to the sole discretion of Heywood Home Company.

Exclusivity is generally granted and limited to one Active Store within each zip code, but factors such as customer demographic, target market, purchase history, etc. are also considered and may allow for a small number of additional stockists within the same zip code.

SAMPLES

If required, please contact molly@heywoodhome.co for your complimentary sample before you place your order to help you make color and scent decisions. Samples for Soap Fragrance are limited to 1 per SKU. Samples are not full size product, but will accurately represent the final product color and/or fragrance to assist you in your decision making process. Samples are not for individual resale and will be marked "sample".

LEAD TIME/ORDER FULFILLMENT

All product is made to order and fulfilled as received. Please allow **up to** 4 weeks(20 business days) for your order to be shipped. Lead times may increase during peak season; you will be notified if that occurs. Please plan accordingly. If you need to request rush fulfillment (guaranteed to ship within 10 business days), please mark the appropriate field on your order form. If your request is able to be met, a rush fee of 20% of the merchandise total will be added to your merchandise purchase invoice.

You will be notified within 24 hours if your rush request can be met. If the request cannot be met and you no longer wish to proceed with the order, you will NOT be penalized with a cancellation fee; just respond back to the email indicating your request to cancel due to the lead time.

SHIPPING

HHC ships within the 48 lower contiguous United States only to non PO Box/Residential Addresses.

Opening Orders and Orders Over \$600 qualify for Free Shipping!

Orders are shipped weekly, Monday to Wednesday (excluding public holidays) via UPS.

Shipping is covered by you, the buyer and will require mandatory insurance based on the wholesale value of the order. Shipping charges are calculated after the order is produced and prepared for shipment at which time you will receive a shipping invoice to be paid upon receipt. Your order ships on the next ship date after your invoice payment is received. To estimate, shipping cost is generally at minimum, 10-15% of the order total.

CUSTOMIZATION

Whether you are looking to offer colors specific to your brand or scents preferred by your customer base, you can create a custom-to-you product only available through your brand.

Send an email to molly@heywoodhome.co with your business name and "Customization Request" in the subject line to receive details on the customization process and to see what is possible.

All HHC Soap Colors and Scents can be customized, while only HHC Candle Colors can be customized at this time, as they are only offered unscented. There is a base \$150 Customization fee for Design, Research, and Development with an additional \$50 on top per additional customized product SKU due before the customization process begins. Order minimums for custom product do apply.
